# JURY TRIAL DEMANDED

**BEST RING, LLC AND FCS PROCESSING, LLC’S ANSWER TO RONIN POS, LLC’S  
AMENDED COUNTERCLAIMS**

Best Ring, LLC and FCS Processing, LLC (collectively, “Counter-Defendants”) file their Answer to Ronin POS, LLC’s (“Ronin”) Amended Counterclaims (Dkt. No. 40), and would show the Court as follows:

PARTIES

1. Counter-Defendants admit the allegations in paragraph 1.
2. Counter-Defendants admit the allegations in paragraph 2.

## JURISDICTION AND VENUE

3. Counter-Defendants deny that the Federal Declaratory Judgment Act (28 U.S.C. §§ 2201-2202) creates subject matter jurisdiction for any of Ronin’s counterclaims, but admit the remainder of the allegations in paragraph 3.

4. Counter-Defendants admit the allegations in paragraph 4.
5. Counter-Defendants admit the allegations in paragraph 5.

## FACTUAL BACKGROUND

6. Counter-Defendants admit the allegations in paragraph 6.

7. Counter-Defendants admit the allegations in paragraph 7. As further discussed in Plaintiffs' Notice of Filing Second Amended Complaint or Alternative Motion to File Second Amended Complaint, and Responses in Opposition to Defendants' Partial Motions to Dismiss Pursuant to Rules 12(b)(1) and 12(b)(6) (Dkt. No. 34) ("Plaintiffs' Notice"), on October 14, 2022, Counter-Defendants' counsel filed a corrective assignment with the United States Patent and Trademark Office correcting the assignee name for the '425 Patent to reflect "FCS Processing, LLC." On November 8, 2022, the United States Patent and Trademark Office notified Counter-Defendants that the corrective assignments had been recorded. Those corrective assignments are effective as of the date of the original assignment of the '425 Patent. In light of the recorded corrective assignment, Counter-Defendants deny there is any legal significance to the fact that the Applicant for the '698 Application was listed as "Festival Control Systems Processing, LLC" instead of "FCS Processing, LLC."

8. Counter-Defendants admit the allegations in paragraph 8. As further discussed in Plaintiffs' Notice, on October 14, 2022, Counter-Defendants' counsel filed a corrective assignment with the United States Patent and Trademark Office correcting the assignee name for the '049 Patent to reflect "FCS Processing, LLC." On November 8, 2022, the United States Patent and Trademark Office notified Counter-Defendants that the corrective assignments had been recorded. Those corrective assignments are effective as of the date of the original assignment of the '049 Patent. In light of the recorded corrective assignment, Counter-Defendants deny there is any legal significance to the fact that the Applicant for the '704 Application was listed as "Festival Control Systems Processing, LLC" instead of "FCS Processing, LLC."

9. Counter-Defendants admit the allegations in paragraph 9. As further discussed in Plaintiffs' Notice, on October 14, 2022, Counter-Defendants' counsel filed a corrective assignment

with the United States Patent and Trademark Office correcting the assignee name for the '322 Patent to reflect "FCS Processing, LLC." On November 8, 2022, the United States Patent and Trademark Office notified Counter-Defendants that the corrective assignment had been recorded. Those corrective assignments are effective as of the date of the original assignment of the '322 Patent. In light of the recorded corrective assignments, Counter-Defendants deny there is any legal significance to the fact that the Applicant for the '391 Application was listed as "Festival Control Systems Processing, LLC" instead of "FCS Processing, LLC."

10. Counter-Defendants deny the allegations in paragraph 10. As fully discussed in Plaintiffs' Notice, "FCS Processing, LLC" is the same entity, albeit with an abbreviated name, as "Festival Control Systems, LLC."
